CALVERT ENGINEERING, INC.

TI — 99/4A

TEX-COMP™ USERS SUPPLY DIVISION

P.O.BOX 33084 — — GRANADA HILLS, CA. 91344

Dear TI-99/4 Users:

Shortly after the introduction of the TI-99/4 personal computer in 1980, Calvert Engineering, a major manufacturer of fluid moving equipment for over twenty years, recognized the potential of this powerful 16 bit micro and developed proprietary fluid mechanics software to assist in the design and development of products for firms such as 3M, Xerox, and General Dynamics.

At the request of some of our customers, we became a TI-99/4 dealer and began to market systems comprising TI-99/4 hardware and our software. Many of these purchasers desired to acquire additional TI hardware and software and to accomodate them, we began to market the complete TI-99/4 line at professional discounts to our established accounts.

Due to increasing requests, Calvert has established a separate TEX-COMP Division to supply TI-99/4 users with the complete line at professional discounts. Most available items are stocked locally or can be obtained directly from TI on a "next day" basis. Our price sheet is attached and offers meaningful savings to seasoned users who do not require personal demonstration and assistance.

We can also obtain most non TI hardware such as printers, etc. and third party software at similiar professional discounts. Feel free to call direct to discuss any specific requirement.

Sincerely,

Gerald L. Price
V.P. TEX-COMP DIVISION
